BVI Storage

100 & 150 Bushel Hopper Bins

- Heavy Duty Bolt Together Steel Stand
- 55° Hopper Bottom Slope
- Smooth Walls Ideal For Even Grain Flow
- High Impact Poly Design
- UV Stabilized
- Weather & Rodent Resistant

Pallet Bin 4840

- 40 Bushel Container
- 48 Cubic Feet
- 1 Metric Ton Weight Rating
- 15° Hopper Bottom Slope
- 49" x 49" Snap On Lid
- 4 Way Entry Pallet
- UV Stabilized
- Weather & Rodent Resistant

Pallet Bin 5040

- 40 Bushel Container
- 50 Cubic Feet
- 1 Metric Ton Weight Rating
- Heavy Duty Steel Stand
- 40° Hopper Bottom Slope
- UV Stabilized
- Weather & Rodent Resistant

BVI Storage

Pallet Bin 5040-HB

Mfr. Part # - PB5040-HB

- High Clearance Access to Fill Pails
- 40 Bushel Container
- 50 Cubic Feet
- 1 Metric Ton Capacity
- 40° Bottom Slope
- UV Stabilized
- Weather & Rodent Resistant

Pallet Bin 6552

Mfr. Part # - PB6552

- 52 Bushel Container
- 65 Cubic Feet
- 1.5 Metric Ton Weight Rating
- Heavy Duty Steel Stand
- 40° Bottom Slope
- UV Stabilized
- Weather & Rodent Resistant

Pallet Bin 120100

Mfr. Part # - PB120100

- 100 Bushel Container
- 120 Cubic Feet
- 2 Metric Ton Rating
- 55° Hopper Bottom Slope
- Smooth Walled
- UV Stabilized
- Weather & Rodent Resistant

Sioux Steel Feeders

BULK FEED BINS

Available in 60° and 67° slopes in either a 16" or 22" hopper opening, Sioux Steel hopper panels are die-formed with rounded corners and down-turned sealing edges for safety and a weather-tight fit. Constructed using high tensile steel sidewall sheets with a G-90 commercial galvanized coating for outstanding strength and durability. Legs can be set to three different heights.

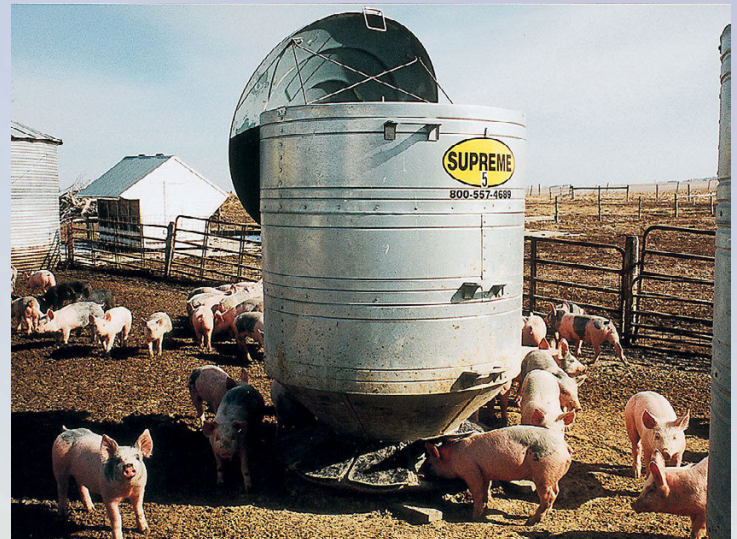

Hog Feeders

Openings: 12 Feed Doors Diameter: 56.5 Inches

Advanced scalloped trough provides a "natural" opening contoured to the hogs jowl. Large head clearance allows the hog to adopt a comfortable stance and conduct eating motions inside the feeder. Keeps feed in the feeding zone where hogs can get to it.

Features

- 12 large openings "natural" to hog anatomy.
- Long-lasting trough is heavy galvanized, 12 gauge steel.
- 60bu feeder is 75" tall with lid & 64.5" tall w/o lid.

SUPREME FEEDER	DESCRIPTION	WEIGHT
S142002	60 Bushel Complete, Hopper portion comes unassembled	335 lbs.

Sioux Steel Live Stock Gates

VICTORY GATES

With heavy-duty Z-bar vertical braces, Victory gates are our heaviest and most durable line. Rounded tops and prairie gold powder coating make this one of our most popular livestock products and a must have on your farm or ranch.

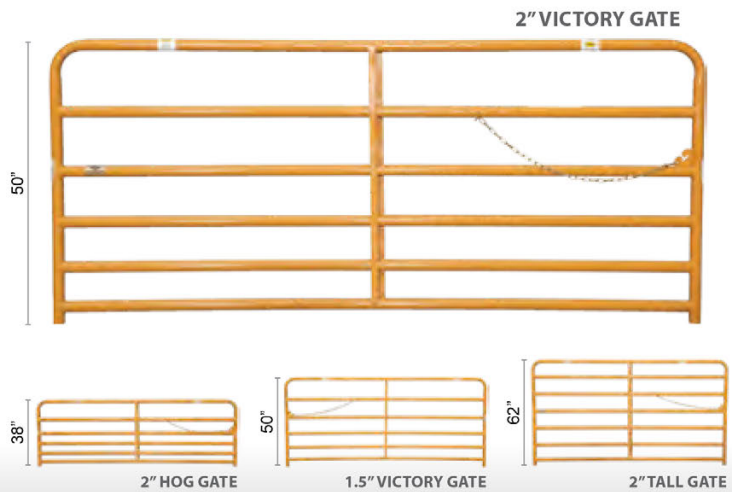

VICTORY	GAUGE	LENGTHS	HEIGHT	BAR
2" Victory Gate	16	4' - 20'	50"	6
1.5" Victory Gate	16	4' - 18'	50"	6
2" Hog Gate	16	4' - 20'	38"	6
2" Tall Gate	16	4' - 18'	62"	7

Color: **Prairie Gold**

Corners: **Round Tops**

NOTE: Sioux Steel Victory Gates are sold less hinges. Order hinges separately. All specifications are subject to change or improvement without notice.

Actual gate lengths are 5" shorter than stated lengths.

LIFETIME WARRANTIES ARE STANDARD ON 2" VICTORY GATES & 2" VICTORY TALL GATES.

If a gate is ever damaged so that it cannot be used for its intended purpose, we will repair or replace at no charge.

Please See Additional Details On Page 6.

SIoux STEEL PRODUCTS ARE MADE IN THE **USA**

16
GAUGE

HIGH QUALITY MATERIALS

Made from 16 gauge, 58,000 psi, high-tensile structural steel tubing. Premium powder coat paint.

Z-BAR VERTICAL BEAM

One piece formed and punched to support crossbars. All steel parts become one, unbroken piece. (except 4' & 6' gates)

58,000
PSI

58,000 PSI

Sioux gates are made of high-tensile, 58,000 PSI structural steel tubing. (Does not include 1.5" Victory gates)

MITERED JOINTS

Mitered and arc welded. Every tube is cut and tailored for a perfectly fitted connection before it's given a permanent, 360° weld.

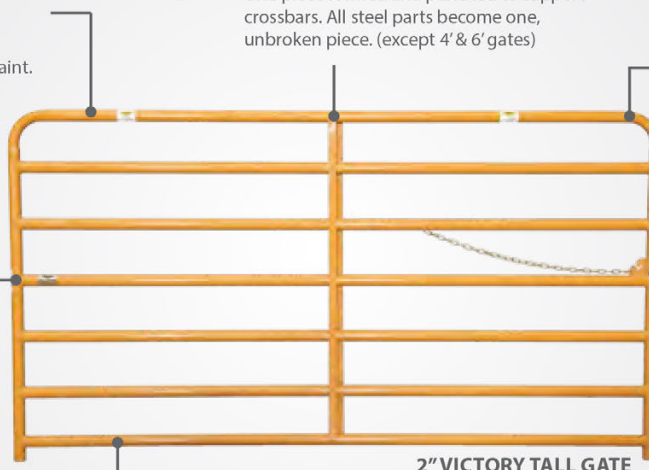

PATENTED T-SLOT LATCH & CHAIN

Slotted latch is easy to lock and unlock, but requires twisting action to open, so it's stock proof. Can be padlocked if needed. Chain is 29 links, 3 ft. long - wraps around railroad ties.

POWDER
COATED
TOUGH

DURABLE POWDER COATING

All Sioux Steel gates feature a powder coated finish in which premium paint is baked at high temperatures onto the metal of the gate, thus insuring a long-lasting protective barrier against the elements.

North Country Feeds

Cattle Feed

Ensure optimum performance of your herd from calf to mature adult. Formulated to cater to the specific dietary needs of beef, breeding, and dairy cattle, our cattle feeds contain balanced levels of protein, energy, and minerals for muscle, bone, and reproductive development and growth.

With our feeds, you can look forward to producing superior livestock outputs, from lean, well-marbled meat to quality milk and healthy breeding beasts. The best part? We use the finest ingredients for our cattle feeds to ensure optimum nutritional value for your herd.

Hog Feed

Ensure the specific dietary needs of your breeding sows and bows are met at every stage of their lifecycle, from piglet to finishing hog. Formulated with palatable ingredients for better feed intake and rich in essential nutrients for optimal weight gain, muscle development, and lean meat production in finishing hogs, our hog feeds promote healthy growth in swine of all ages.

With the perfect balance of protein, vitamins, and minerals, you can rest assured knowing your hogs will reach market weight quickly and healthily.

Poultry Feed

Ensure your chickens, turkeys, ducks, geese, and other poultry species get all the nutrients they need to perform. Our specially formulated poultry feeds deliver the perfect blend of the nutrients required to nurture your flock from chick to fully grown healthy bird, from proteins that promote lean muscle development to amino acids for strong feathers and essential minerals to promote egg production.

Count on our feeds for healthy feathering in meat birds and high-quality egg production in laying hens by ensuring their dietary requirements at every growth stage are met.

Sheep Feed

From lambs to mature ewes and rams, our sheep feeds promote strong bones, robust immune systems, and optimal reproductive health.

Got wool-producing sheep breeds? Our feeds support optimal wool quality and quantity in wool-producing sheep at all stages of life, guaranteeing you premium fleece production throughout the year.

Our sheep feeds also support the fast development of your meat sheep. Each bag of feed contains targeted nutrients specially formulated for sheep. With purchase, you're not only investing in quality nutrition but also ensuring you will always have quality, market-ready meat and wool, maximizing the yields of your farm.
